

MUHAMMAD HISYAM

Software Engineer

Email: muhhammad2504hisyam@gmail.com · GitHub: github.com/caleheinz25 · Portfolio: mhisyam.dev · Location: Indonesia

PROFESSIONAL SUMMARY

Software Engineer specializing in building modern web applications, high-performance API services, and intuitive developer tooling. Experienced in crafting clean, accessible, and maintainable software using TypeScript, Astro, SolidJS, React, Node.js, and Golang. Passionate about system design, code quality, and open-source contribution.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Golang, SQL, Python, HTML5, CSS3, LaTeX

Frameworks & Libraries: Astro, React.js, SolidJS, Next.js, Node.js, Express.js, Tailwind CSS

Databases & Caching: PostgreSQL, MongoDB, Redis, Valkey

DevOps & Tools: Docker, Git, GitHub Actions, Vite, Bun, Linux / Unix CLI, PM2

WORK EXPERIENCE

Software Engineer

2024 – Present

Company Name

Location

- Architected and deployed scalable web applications using Astro, React, and TypeScript.
- Engineered high-throughput REST APIs and data transformation pipelines.
- Optimized frontend performance and Core Web Vitals to achieve sub-second page loading speeds.

Frontend / Full Stack Developer

2022 – 2024

Company Name

Location

- Developed modular component libraries with React, SolidJS, and Tailwind CSS.
- Collaborated with UI/UX designers to implement responsive, accessible (WCAG AA compliant) user interfaces.
- Integrated CI/CD automated deployment pipelines and Docker containerization scripts.

FEATURED PROJECTS

Developer Portfolio & Interactive Hub

[GitHub Repository](#)

- Built a modern, static-rendered portfolio with Astro 5, SolidJS, and Tailwind CSS 4.
- Implemented an interactive Dev Suite featuring a retro Unix terminal shell (`hisyam-cli`), REST API response playground, audio music player, and mini-games arcade.

Interactive API Response Demo

[Open Source](#)

- Engineered a reactive HTTP client widget in SolidJS for live REST request testing, latency timing metrics, and JSON syntax highlighting.

EDUCATION

Bachelor of Science in Computer Science / Information Technology

Graduation Year
